NOTE: When you see the “Focus” birds listed on the reverse side, you need to report them. You can do this in one of two ways:

1. Get on the internet and report the sightings to ebird at www.ebird.org.
2. Send an e-mail with your sightings to include the date and where you saw the birds to gwall5@cox.net. They will then be put into a database and reported to ebird in the future.

To print additional Focus Bird Lists/Bookmarks, you can go to www.sonoranaudubon.org under Projects to find them.
